

Item No. 1621001

Aluminium Tripod Crane with hand winch

Technical Data

load capacity 1,000 kg
 weight 74 kg
 cable diameter 7 mm
 cable length 25 m
 travel per rotation
 (depending on
 remaining cable) 23 - 57 mm

Description

- The ringbolt rotates through 360° under load.
- Greater adjusting range due to telescopic legs.
- Collapsible.
Total length approx. 2,200 mm.
Diameter approx. 600 mm (e.g. for transportation).
- Feet are fitted with non-slip rubber-metal linings.
- Stability guaranteed.
- Is designed for lifting loads especially in places that are hard to reach with conventional devices.
- The winch with crank is equipped with a drum direct-gear allowing to quickly wind up and off the unstressed cable (with integrated safety load hook).
- The winch can be flange-mounted at any height on the Aluminium Tripod Crane.
- The load can be hooked to the safety lifting hook of the cable as well as directly onto the ringbolt.
