for Aluminium Gantry Crane
collapsible: high
movable: small, medium, high
weight 15 kg

For Aluminium Gantry Crane with double beam, load capacity 1,000 kg, 1,500 kg, 2,000 kg and 3,000 kg

Item No. 23003

for Aluminium Gantry Crane
double beam
weight 35 kg

Description

- The Wall Bracket facilitates the attachment of the beam to a wall, thus increasing the Crane's range of application. Especially useful when Crane is used through windows or doors.
- The aluminium beam/aluminium double beam can be rotated through 180° (without load) on the Wall Bracket.
